

**WHO WE ARE.**

**Swiss Bureau** is a multi-award winning interior design company based in Dubai, United Arab Emirates. We provide a wide range of services for our clients in the commercial office, residential, hospitality and public sectors.

The backbone to our success is the long-term relationships we hold with our partners aligned with our team of motivated, experienced professionals willing to challenge the norm in creating award winning solutions.

Joakim de Rham, a Swiss interior architect and his local partner, Maher Al Zarooni founded the company in 2003. Since then, SBID have grown from a medium sized design studio to be a market leading interior design consultancy and fit-out contractor. Our clients range from renowned blue-chip multinationals, global entities, governments and boutique businesses both here in the UAE and internationally.

As a part of the de Rham family-founded Edifice Group, rooted in Lausanne, Switzerland, we combine more than 60 years of experience, respecting the rules of creativity, construction, and project management.

**Our Team** of 50+ is made up of talented individuals from all over the world. From our highly creative design team to our on-site project managers and engineers, each member of the team has their part to play.

We are always there to back each other up, to step into the breach and provide support. We recognize the need to collaborate with each other and our clients, to play on the same team, to move in the same direction and to speak the same language.

We 'design hard' to be recognized as one of the most creative, innovative and trend setting design studios in the Middle East. Our goal to provide the team an engaging, fun and challenging career and deliver projects we and our clients, can be proud of.

Discipline, cooperation and a passion for projects are the cornerstones to our success to date and have resulted in a company culture that inspires excellence and the highest quality outcome on all our projects.
