Dear Zeina

Upon completion of filming the Prague and Dubai segments of "MISSION IMPOSSIBLE - GHOST PROTOCOL," I want to express my thanks for your support with our set dressing needs on the production. Our sets all looked great, and everyone on the show, including star Tom Cruise, was very positive about needs we achieved in the set decoration department.

With an incredible supporting cast (Pamela Patten, Jeremy Renner, Simon Pegg), fantastic scripts, and backing from the incomparable Brad Pitt, this will be an exciting film, and one that I am confident will be very successful.

On this complex, fast paced project, there is no way we could have accomplished what we did without your own version of a supporting cast: great suppliers and collaborators, whose lot of help, and service from skilled craftsperson.

Look for it in theaters in December of 2011.

Again, many thanks.

Best wishes,
